Lloyd D. Seager, M.D.
Professor Emeritus, Pharmacology

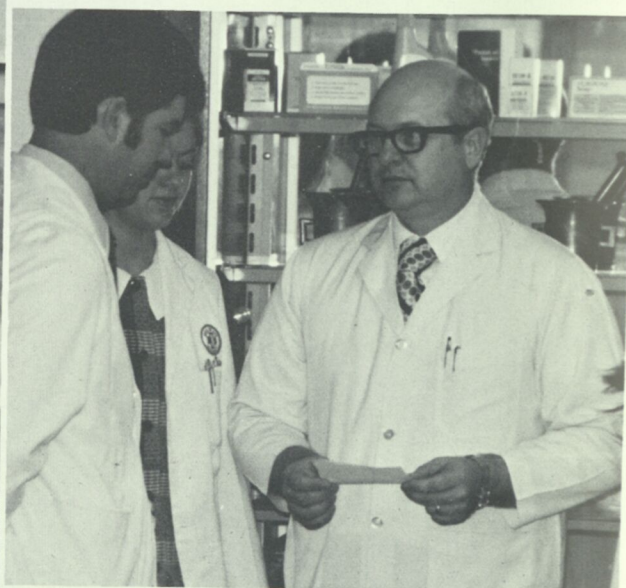

Marcus W. Jordin, Ph.D.
Professor, School of Pharmacy

DEDICATION

FOR THEIR MANY YEARS OF INTEREST IN THE EDUCATION OF U.A.M.C. STUDENTS, THE 1973 *CADUCEUS* IS DEDICATED TO THESE TWO FINE MEN.

Physician, Educator, Researcher and Poet.

A trusted friend of the students

IN MEMORIAM

Dr. William D. Easterly, Jr.
May 16, 1926 - April 22, 1973

*"My name and my place
and my tomb, all forgotten,
The brief race of time
well and patiently run,
So let me pass away,
peacefully, silently,
Only remembered by what
I have done."*

Bonar

Dr. William D. Easterly, Jr., 46, was Professor of Pharmacy and Chairman of the Department of Pharmaceutics, University of Arkansas School of Pharmacy.

A native of Sheridan, Ark., Dr. Easterly also served the pharmacy school as Chairman of the Awards and Scholarship Committee.

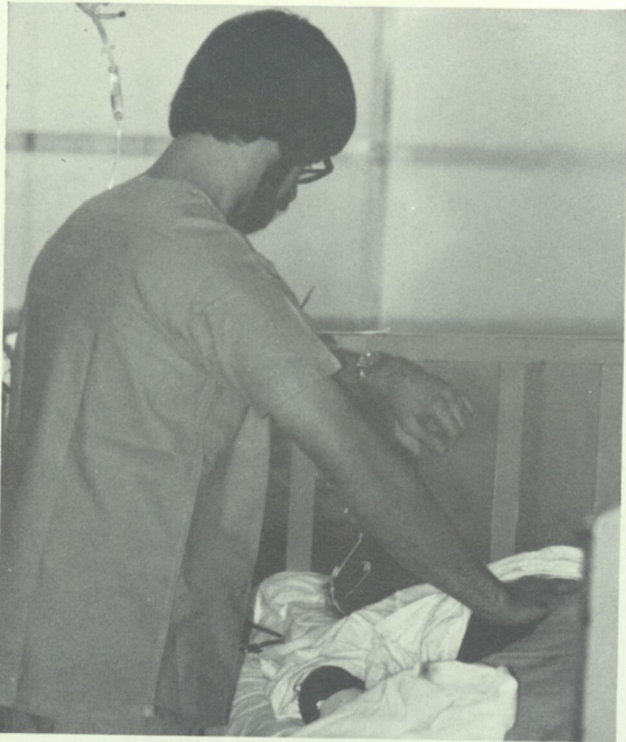

After graduating from Sheridan High School, Dr. Easterly attended college at Georgia Southwestern and the School of Pharmacy at the University of Georgia to fulfill his ambition to work with the public as a pharmacist in his own drug store. Before he received his degree in 1950, Dr. Easterly became a victim of arthritis and his physicians advised him that the crippling effects of the disease would prevent him from operating his own pharmacy.

It was at this time that he committed his professional life to academic pharmacy, in the hope of reaching patients through his students. He taught 796 students in the University of Arkansas School of Pharmacy.

Dr. Easterly received a master's degree in 1952 from the University of Georgia and a doctorate from the University of Florida in 1954. He joined the faculty of the School of Pharmacy at the University of Mississippi in 1954 but returned to Arkansas later that year as an assistant professor in the U of A School of Pharmacy. He received his full professorship in 1964.

His research interests included the anti-cancer possibilities of certain bromide derivatives and other chemicals as well as the synthesis and possible pharmacological activities of urea derivatives.

He was a member of Rho Chi, a pharmacy honor society; Sigma Xi, an honorary scientific society, the American and Arkansas pharmaceutical associations, and the American Chemical Society. He was registered to practice pharmacy in Arkansas and Georgia.

THE HIPPOCRATIC OATH

I swear by Apollo Physician, by Asclepius, by Health, by Heal-all, and by all the gods and goddesses, making them witnesses, that I will carry out, according to my ability and judgment, this oath and this indenture: To regard my teacher in this art as equal to my parents; to make him partner in my livelihood, and when he is in need of money to share mine with him; to consider his offspring equal to my brothers; to teach them this art, if they require to learn it, without fee or indenture; and to impart precept, oral instruction, and all the other learning, to my sons, to the sons of my teacher, and to pupils who have signed the indenture and sworn obedience to the physicians' Law, but to none other. I will use treatment to help the sick according to my ability and judgment, but I will never use it to injure or wrong them. I will not give poison to anyone though asked to do so, nor will I suggest such a plan. Similarly I will not give a pessary to a woman to cause abortion. But in purity and in holiness I will guard my life and my art. I will not use the knife on sufferers from stone, but I will give place to such as are craftsmen therein. Into whatsoever houses I enter, I will do so to help the sick, keeping myself free from all intentional wrong-doing and harm, especially from fornication with woman or man, bond or free. Whatsoever in the course of practice I see or hear (or even outside my practice in social intercourse) that ought never to be published abroad, I will not divulge, but consider such things to be holy secrets. Now if I keep this oath and break it not, may I enjoy honour, in my life and art, among all men for all time; but if I transgress and forswear myself, may the opposite befall me.

Medicine

Hippocrates

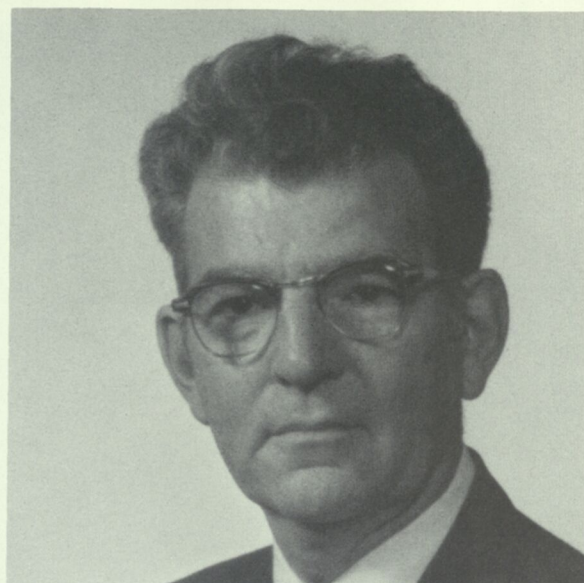

Winston K. Shorey, M.D.
Dean, School of Medicine

Dartmouth College, 1941 A.B., Univ. Pa., 1943, M.D., Internship, Univ. Pa., Medicine Residency, Univ. Pa., Fellowship in Gastroenterology, Univ. Pa., School of Med., 1951-55, Assoc. Prof. Medicine, Univ., Miami School of Medicine, 1955-61, Assoc. Dean Univ. of Miami School of Med. 1956-61, Professor of Medicine, Dean of Univ. Arkansas School of Medicine since 1961.

DALE BUMPERS
GOVERNOR

STATE OF ARKANSAS
OFFICE OF THE GOVERNOR
LITTLE ROCK

GREETINGS To The Graduating Seniors of the
University of Arkansas Medical Center

This year marks the end of long years of diligent and devoted study and the beginning of your career in the medical profession.

Arkansas has unlimited need for your knowledge and services, and I sincerely urge all of you to stay in our great state to make your contributions to medical science and health care. The sense of professional achievement and personal fulfillment you will deservedly experience as doctors will only be increased by working with and for your fellow Arkansans.

Please accept my congratulations on your graduation, and my best wishes for future happiness and success.

Kindest regards.

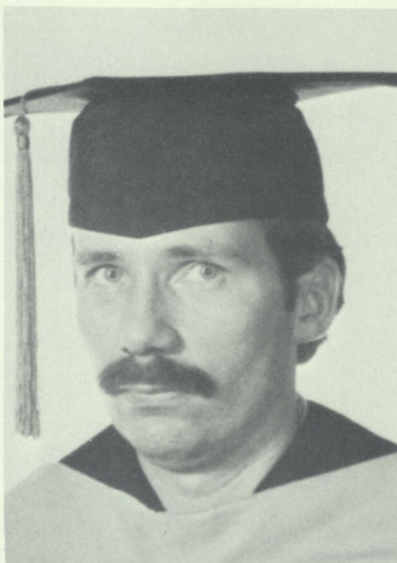

Sincerely,

A handwritten signature in cursive script that reads 'Dale Bumpers'.

Golden Apple Award

IN 1933, William J. Mayo stated "One of the chief defects in our plan of education in this country is that we give too much attention to developing the memory and too little to developing the mind; we lay too much stress on acquiring knowledge and too little on the wise application of knowledge." Since that time there has been a good deal more change than we, as students, are apt to admit. It is through the efforts of men like those listed here that our system is constantly improved.

Spring 1972

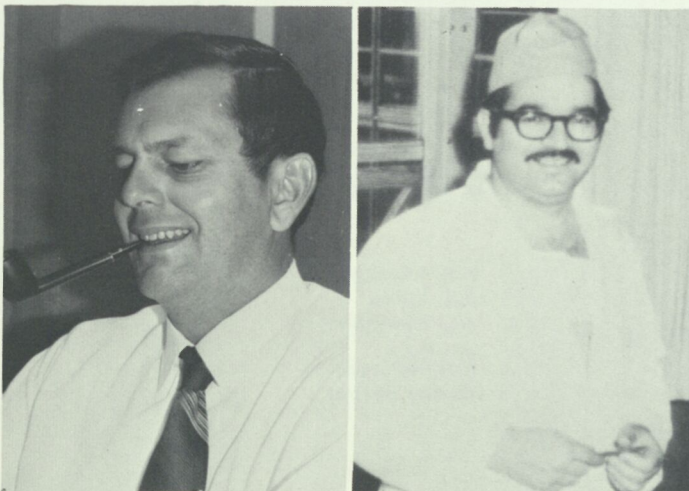

Lawrence E. Scheving, Ph.D.
Professor of Anatomy

Robert E. Merrill, M.D.
Professor of Pediatrics

Golden Apple selections are made by the students at the end of their sophomore and junior years. These are their selections for the past two years.

Spring 1973

James A. Harris, M.D.
Pharmacology

Juan J. Roman-Lopez, M.D.
Asst. Professor of Ob-Gyn

"If I were summing up the qualities of a good teacher of medicine, I would enumerate human sympathy, moral integrity, enthusiasm, and ability to talk, in addition, of course, to knowledge of his subject."

FOURTH YEAR

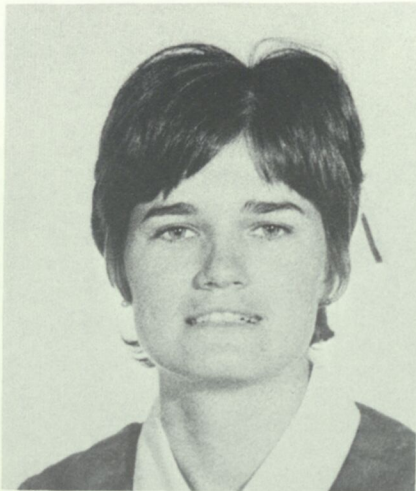

*Lord, who on earth didn't minister
To those who helpless lay
In pain and weakness, hear me now
as unto thee I pray.*

*Give to mine eyes the power to see
The hidden source of ill
Give my hand the healing touch
The throb of pain to still.*

*Grant that mine ears are swift to hear
The cry of those in pain.
Give to mine tongue the words that
Bring comfort and strength again.*

*Fill now my heart with tenderness
My brain with wisdom true.
And when in weariness I sink
Give me strength anew.*

THIRD YEAR

If you have learned to walk
A little more sure-footedly than I,
Be patient with my stumbling then
And know that only as I do my best and try
May I attain the goal
For which we both are striving.

If through experience, your soul
Has gained heights which I
As yet in dim-lit vision see,
Hold out your hand and point the way,
Lest from its straightness I should stray,
And walk a mile with me.

You can't control the length of your life — but you can control its width and depth. You can't control the contour of your face — but you can control its expression. You can't control the weather — but you can control the atmosphere of your mind. Why worry about things you can't control when you can keep yourself busy controlling the things that depend on you.

We like someone because....We love someone although.

Don't worry. The death rate is the same as it's been for a million years--one death per person.

Do it every day and you will develop to a 34B.

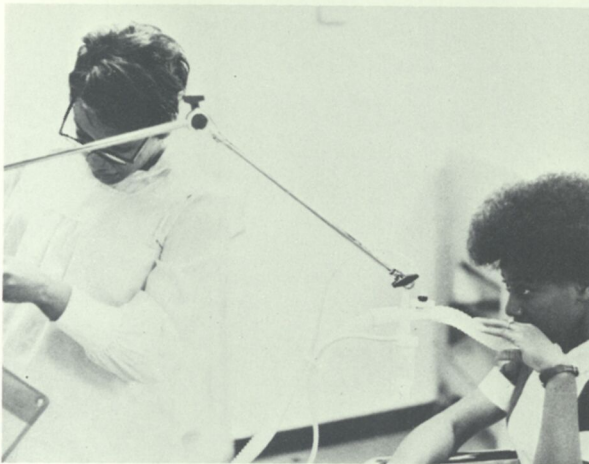

I think nine weels in psychiatry is eight weeks too long.

Womens styles may change, but their designs remain the same.

Some people cause happiness wherever they go....others whenever they go.

What if the dials get reversed and I get blown up like that!

If she doesn't hurry up and get out of that bathroom, I'm going to die!

Don't cry. No one is completely useless....you can always serve as a horrible example.

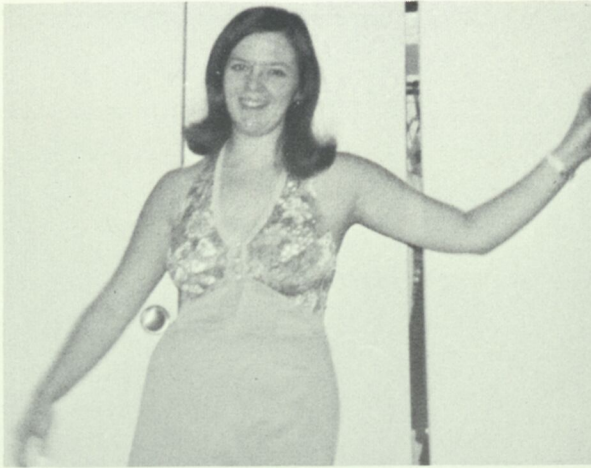

I've never seen one like that before. Come to think of it, I've never seen one before.

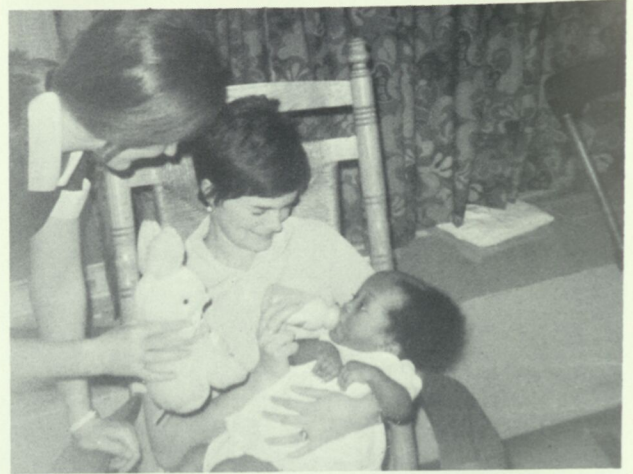

What I am to be, I am now becoming.

No matter what I do, I can't get this dummy to breathe.

Do you have invisible means of support?

We may give without loving, but we cannot love without giving.

I understand you are descended from a long line.....that your mother listened to.

Do you know how to keep the stork away?

I believe in empathizing, but this is going a bit too far!

Do all the good you can--In all the ways you can

We all view learning experiences differently.

Well girls, that system seems to be working.

What'll it be baby.....
Ambu or mouth to mouth?

Speaking of injections, it is more blessed to give than to receive.

Oh yeah! and I'll punch you right in the fist with my face.

Are you sure this is the way to set up for a vag exam?

NSA

N.S.A. is the nursing students' association on the campus at the Univ. of Ark. Med. Center, designed to involve its members in the pre-professional organization of the nursing student. Any student enrolled in a state-approved program for the preparation of registered nurses is eligible for membership in N.S.A.

A.S.N.S.A.

The U of A. Nursing students take an active part in their state organization. In working with other nursing students, two yearly activities are planned. First, a fall workshop is conducted enlightening the student on new trends in nursing. Second, a spring convention is held which entails various business activities, as well as guest speakers.

Susan Alexander, UAMC, is now serving as state president. Tom Peterman, UAMC, has been elected to serve as state president for 1974.

N.S.A. OFFICERS

President	Toinette Cappleman
FIRST V.P.	Tom Peterson
SECOND V.P.	Pat Elliott
Corr. sec.	Jan Willis
REC. SEC.	Donna Daniel
TREASURER	Patsy Maddox
NON. COMM.	Becky Carson
PROGRAM CHRMN.	Geri Stevens
SOCIAL CHRMN.	Joan Council

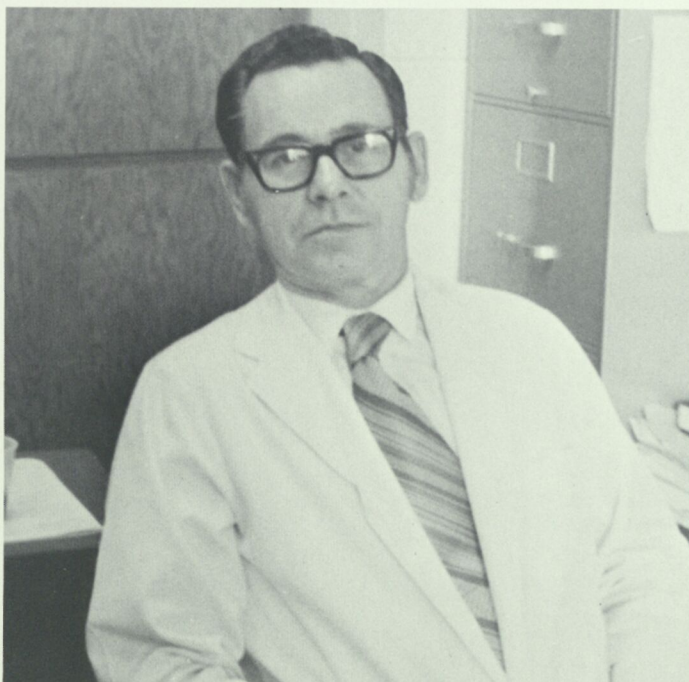

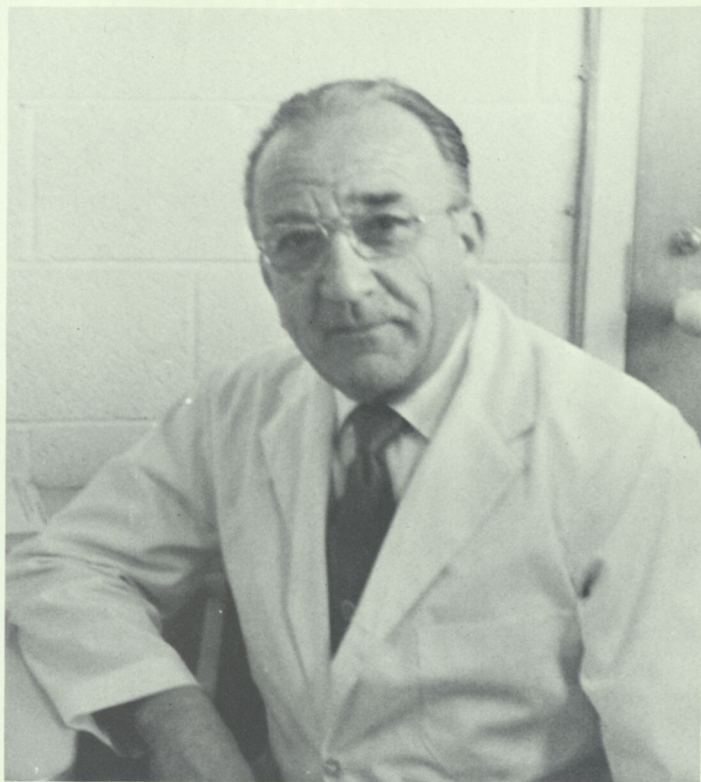

The president looks on as a few members nod, nearly napping at one of the N.S.A. meetings. There aren't many there because some didn't know they were meeting. Some don't know they meet...some don't know.

Sunset has fallen on part of your life,
But your future lies on the other side of the moon.
Go out, then, with the treasures of memory and knowledge;
Mix generously with good will for man,
And fire them with the flame of your desire.

Juniors spray for crabs during V.D. week.

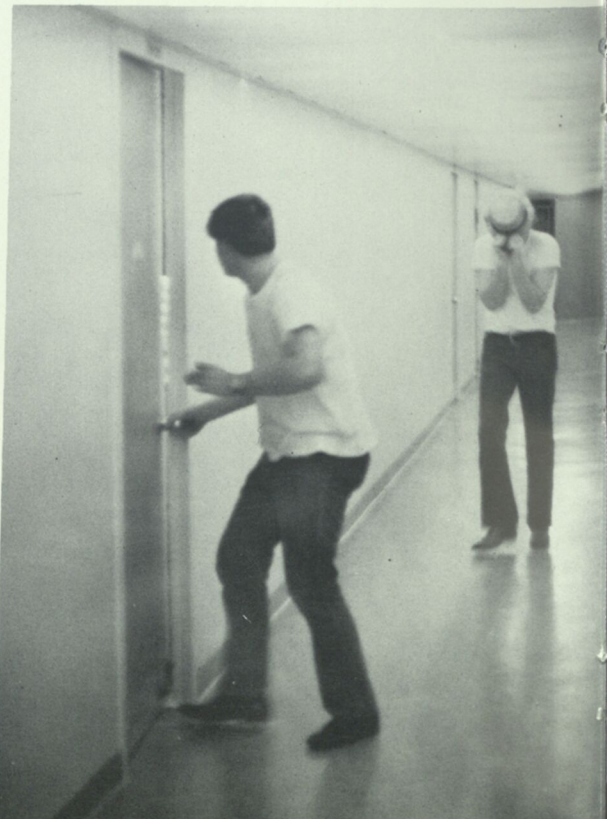

Old pool hustlers never die, they just:

- a) Lose their balls.
- or
- b) Miss their cues.

The Phantom Rapists?

Uh, Rod, I think you'd better wait on that gentleman.

I woke up on the floor and he was still lecturing.

Bren in a dress?

New machine for the Dean's canteen.

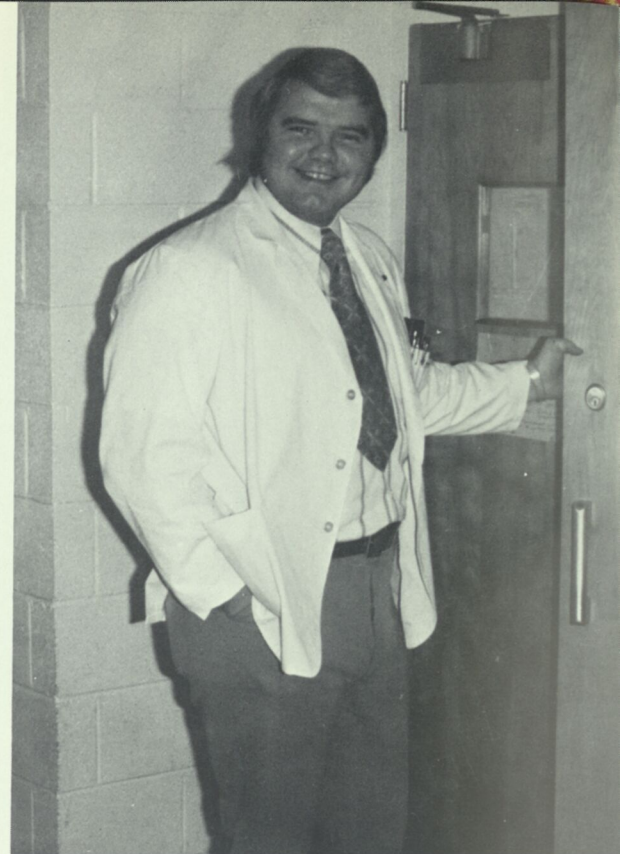

A-MEN!!

Look at the birdie, John the other birdie John??

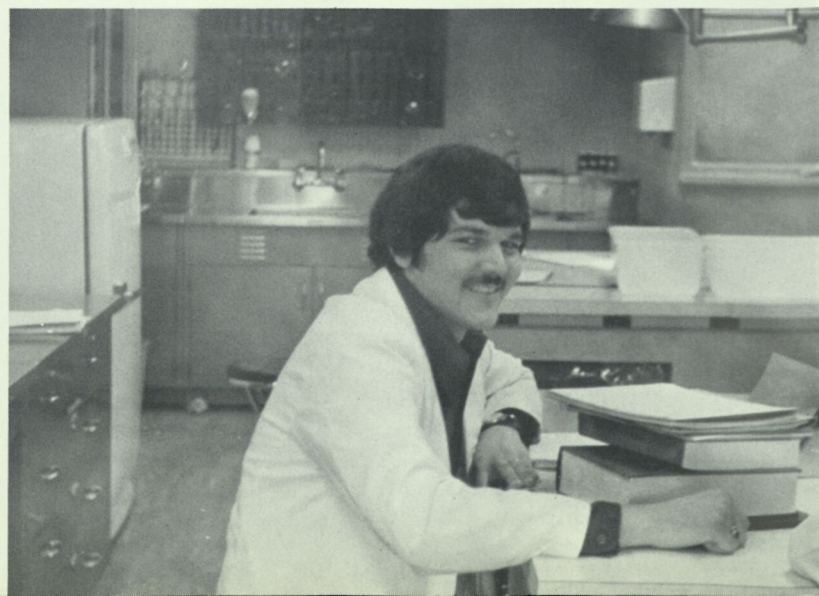

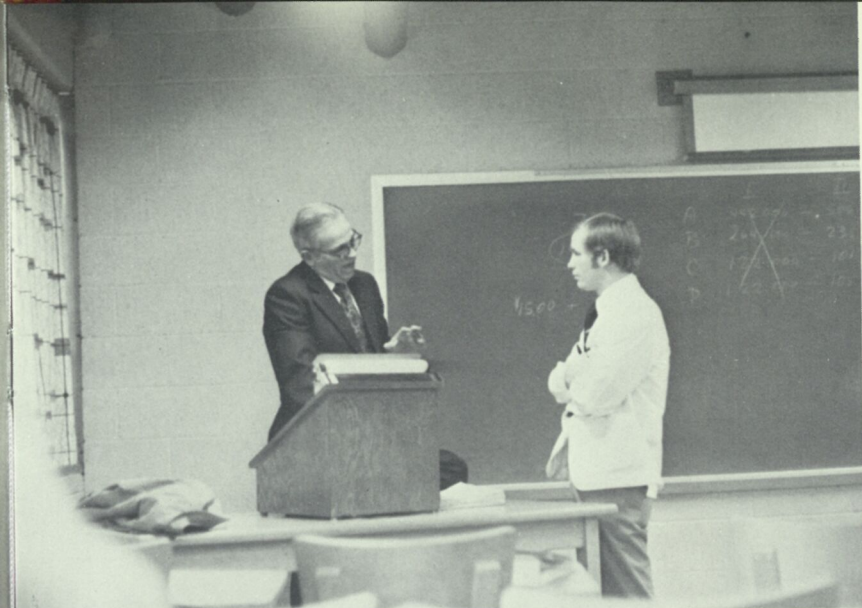

Last one to Pek's is a pill!

This should say "insert," not "cram."

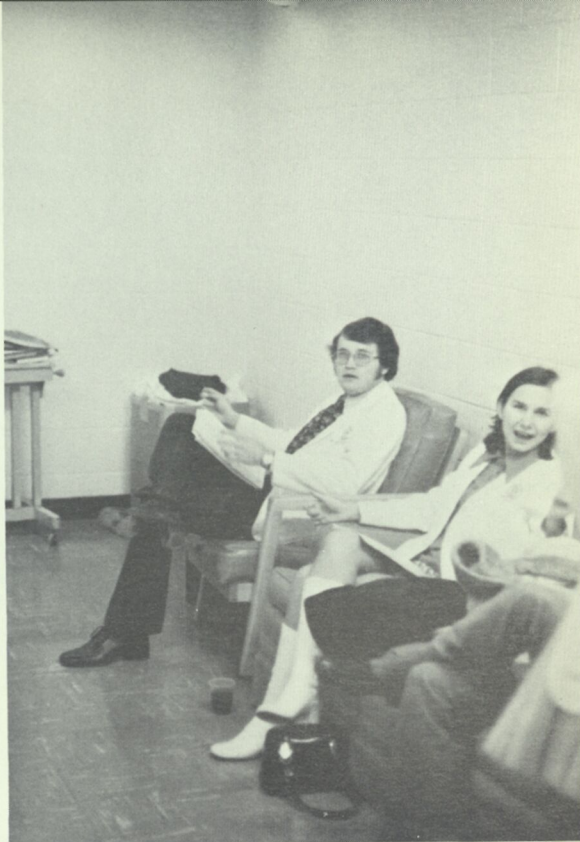

Hi! I'm Mark Klutz, winner of seven gold medals in the Olympic rat race.

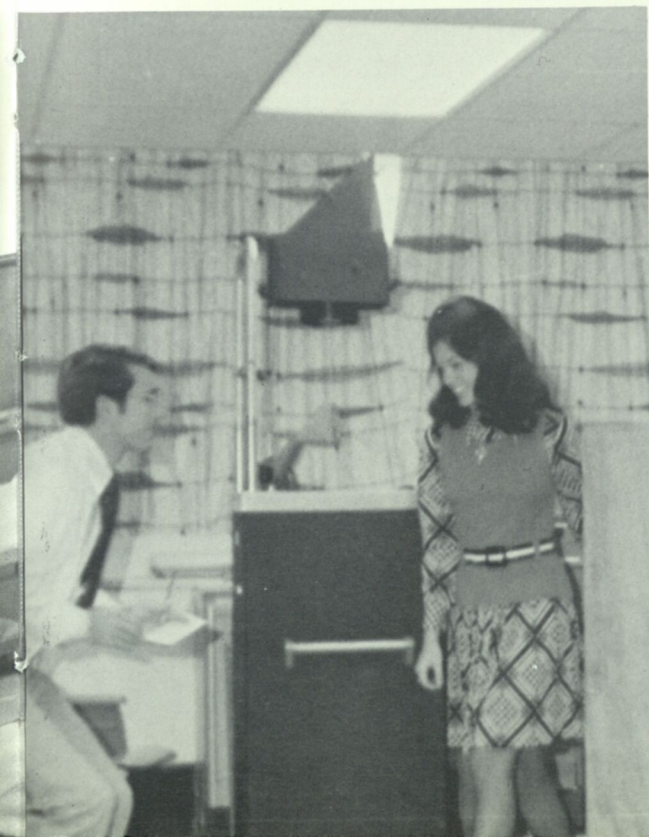

A future hospital administrator picks up the nitty gritty.

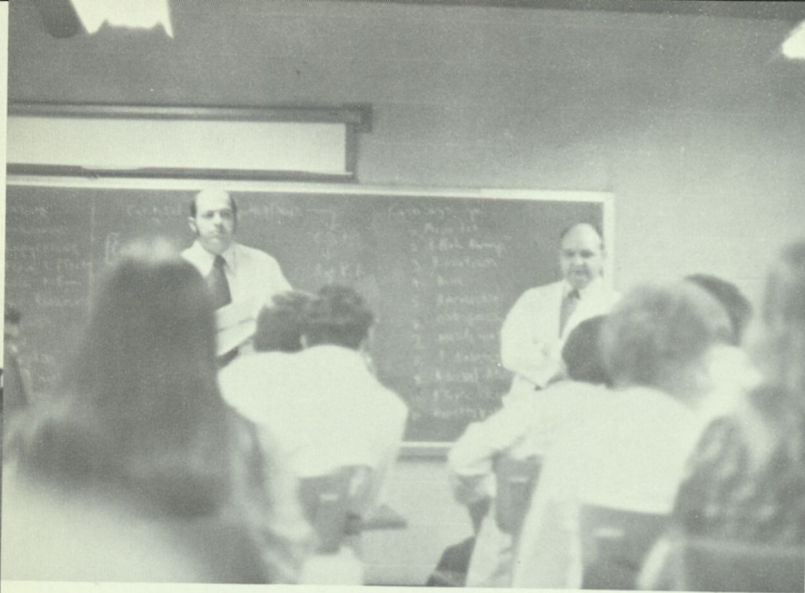

The Ladies Lounge.

Workman jumps at the chance to interview a potential student.

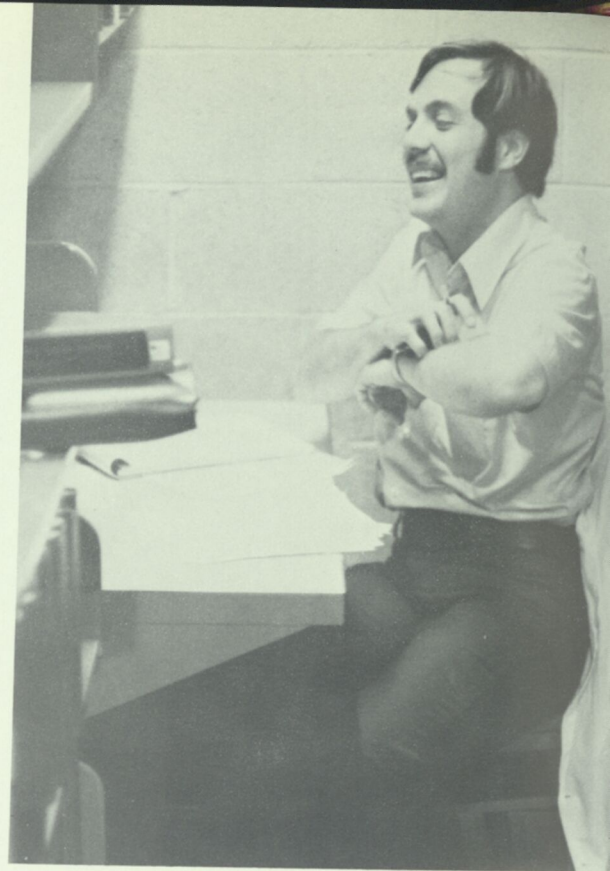

Why Pharmacy??

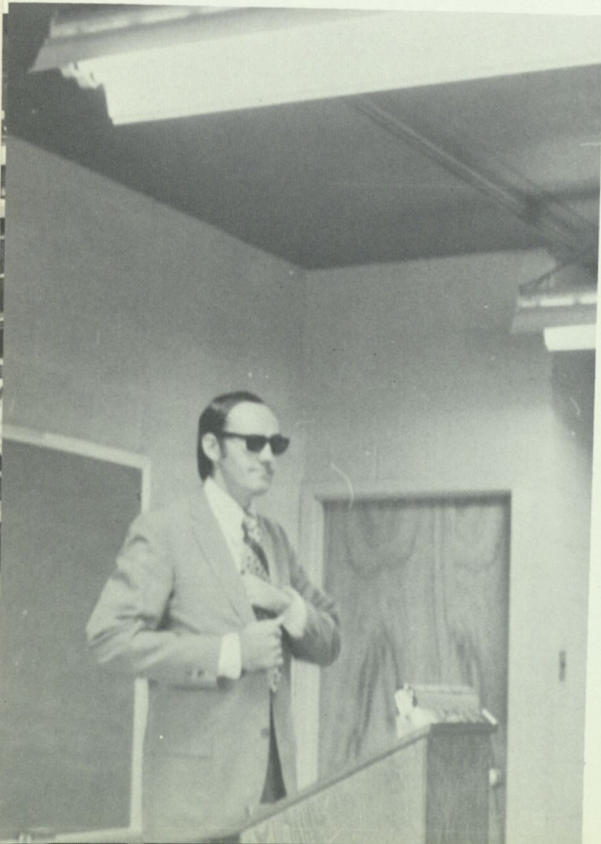

"Now we can either have fun in this course, or we can be a pair of bastards." (So much for the fun.)

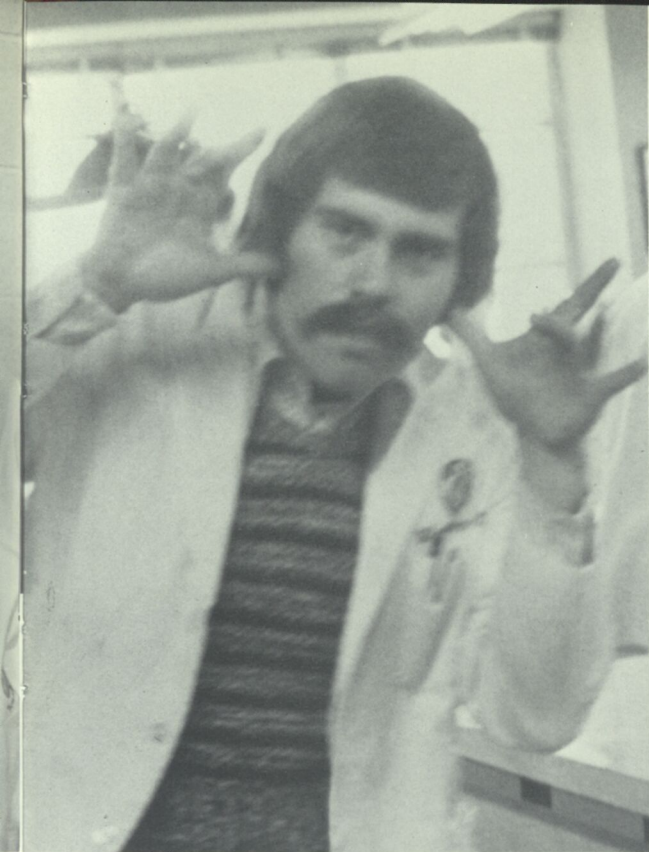

Carter finds something amusing about his Drug Interactions notes.

Don't anybody move; I'm the new BNDD agent.

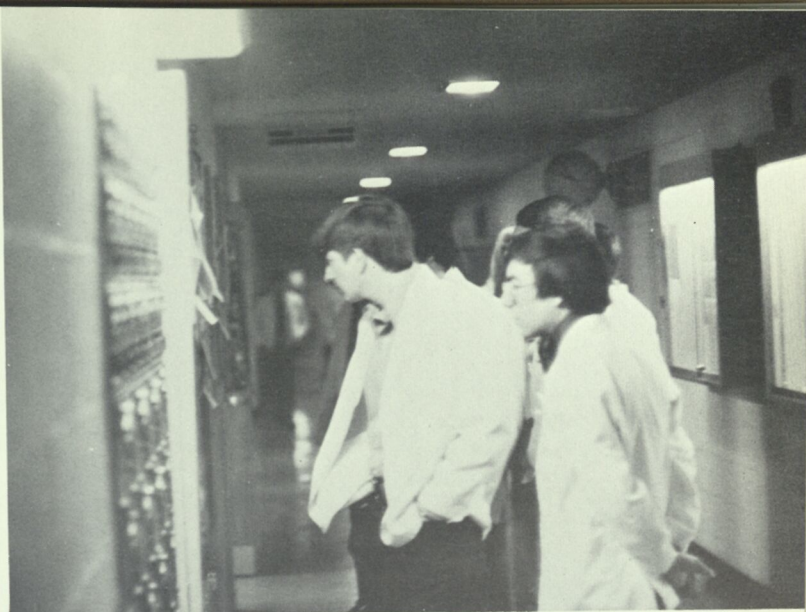

You never outgrow your need for milk.

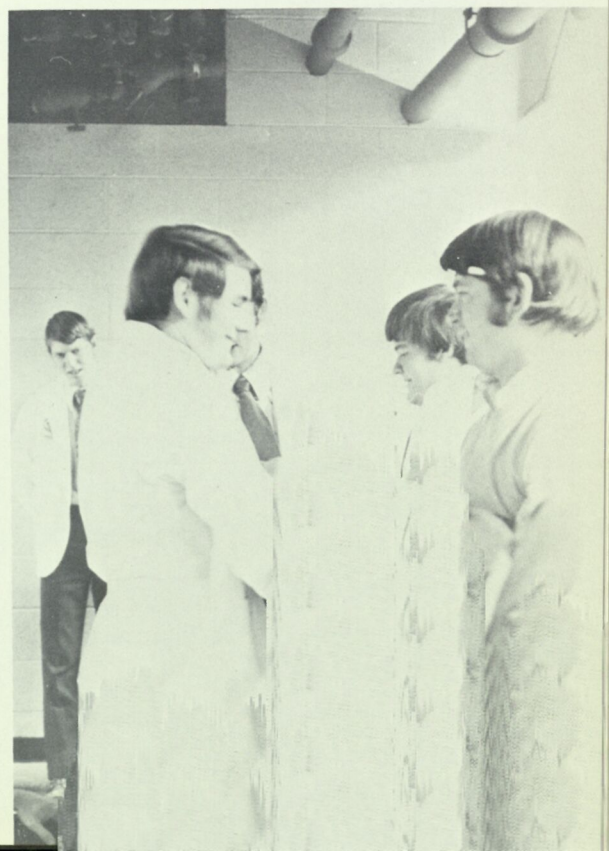

The return of the Rack Monster.

Getting bulletin bored.

Side-effects of a Grosicki lecture.

"Wake me up again after Pharmacology."

I got 'dem commuter blues agin, Baby.

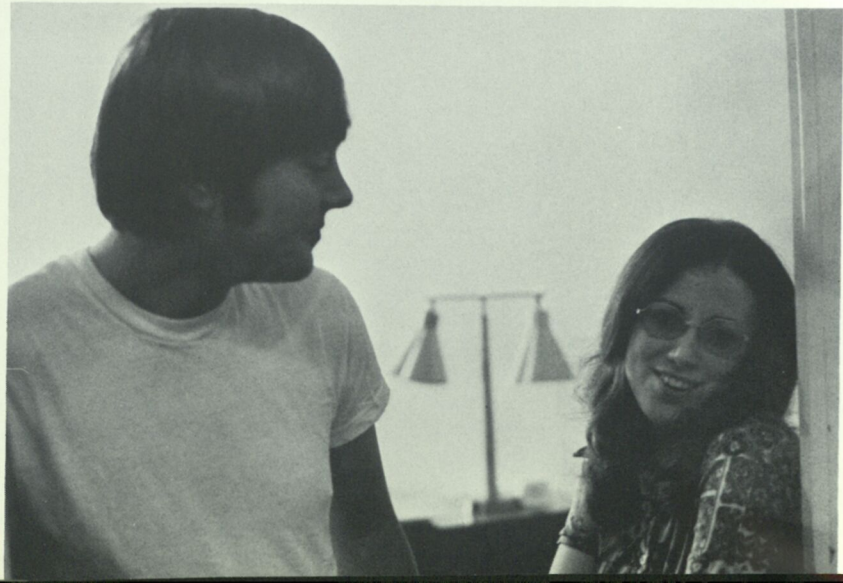

Fallen Warrior

Why didn't someone tell me this class was cancelled?

Y'all come back now, ya hear?

Dental Hygiene

It is necessary to clean the teeth frequently, more especially after meals, but not on any account with a pin, Or the point of a penknife, and it must never be done at the table.

THE ARKANSAS CADUCEUS CLUB

Needs and Wants You

This non-dues-collecting group of School of Medicine graduates, present and former houseofficers, faculty, nongraduate Arkansas physicians, and other friends of the School exists to support the School of Medicine. But that's not all we do. We have fun, too . . .and we want you back to enjoy class reunions and to participate in Caduceus Club projects: philanthropic and/or fun.

In June we meetand eatand enjoy!

And have our own special kind of continuing education.

Mrs. Louis K. Hundley
Executive Secretary
Room 3U02
UAMC Student Union

Class reunions can be . . .and are . . .family reunions, too.

Gets It
All
Together

**You won't wake up here
and find out that
Blue Cross & Blue Shield
aren't going to pay.**

**Blue Cross
Blue Shield**
of Arkansas

Deception isn't part of our game. Never has been. Never will be. We WANT you to know what we pay for. And what we don't pay for. Before you join. Before you have occasion to utilize your Blue Cross and Blue Shield health care plan.

Blue Cross and Blue Shield contracts spell out clearly — in language that is easy to understand — exactly what services are provided and what services are not.

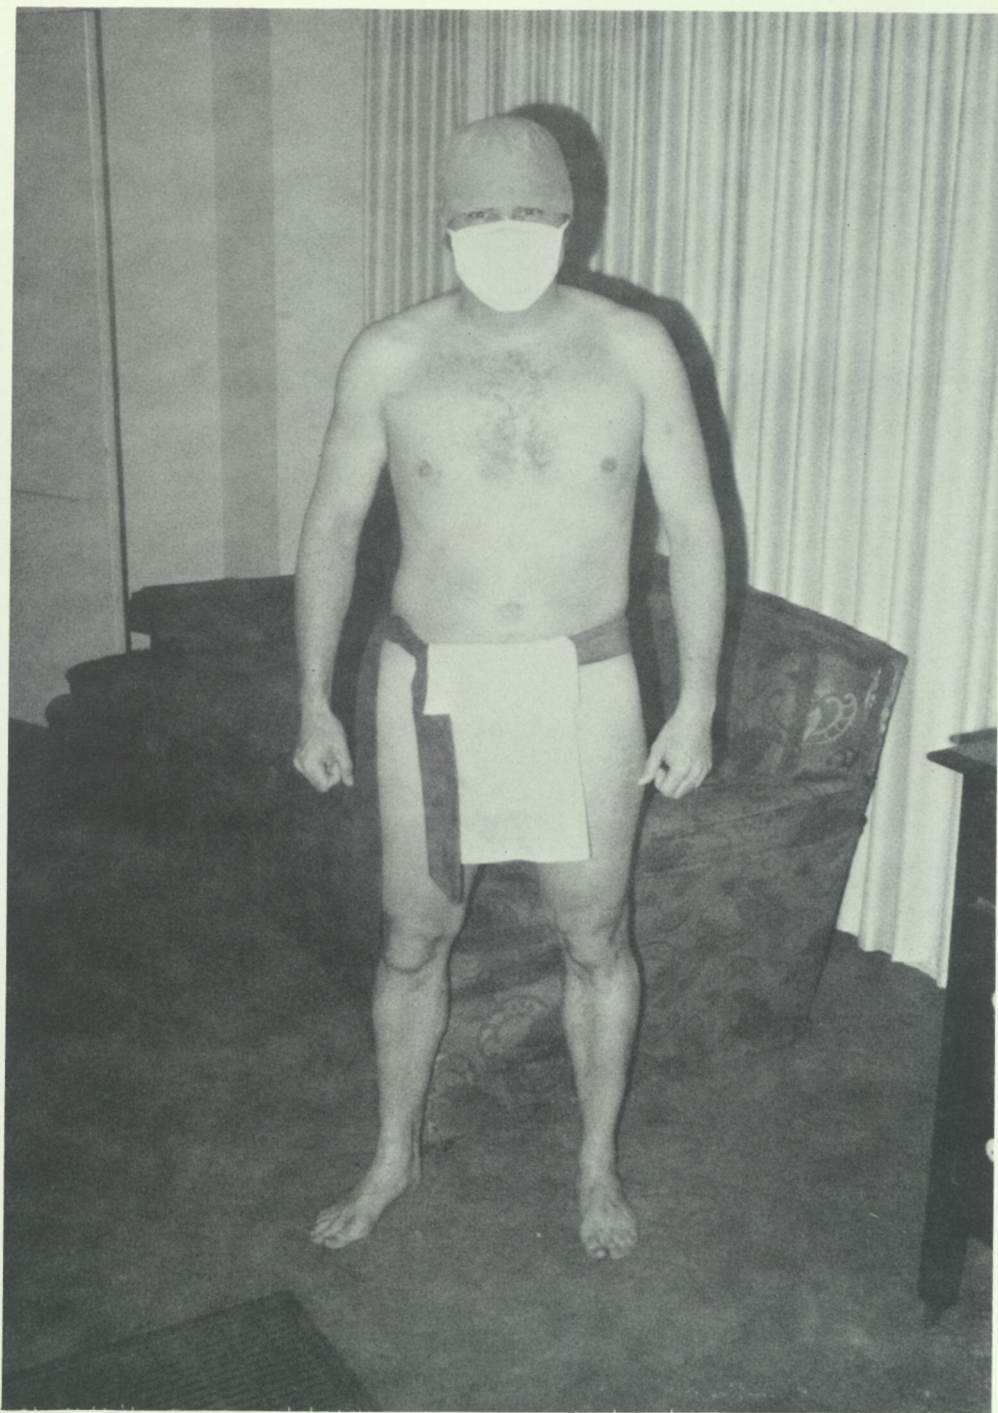

We urge our members to familiarize themselves with the terms of their contract with us. It's good business for our members. Good business for us.

When you need covered services, we'll never let you down. We'll be there — dependably. Because we're on your side. And helping you get the most for your health care dollar is one of our most important jobs.

ARKANSAS . BLUE CROSS & BLUE SHIELD, INC.

The greatest discoveries of surgery are anesthesia, asepsis, and roentgenology – and none was made by a surgeon

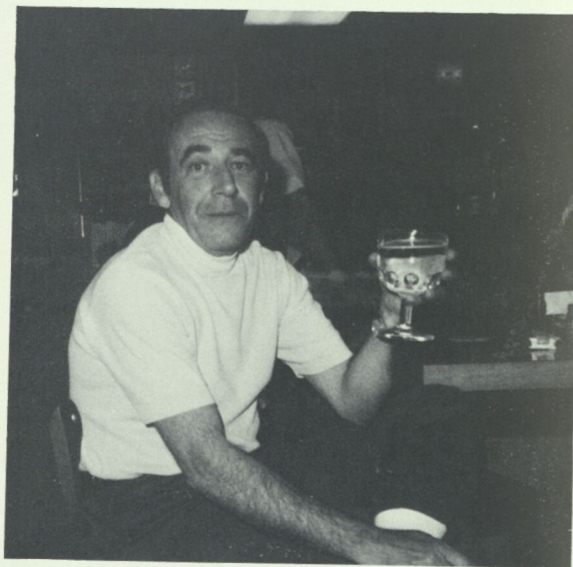

Martin H. Fischer (1879-1962)

If— You can't DAZZLE'EM with Brilliance!

Then— Baffle'em with Bullshit!

Sonny, of course, I'm only going to use your products.

"When I wake up in the morning, and my nail beds are pink, and I'm putting out urine; then, I've got that day knocked."

Walter Guinee, M.D.
April 6, 1973

Tulsa Medical Education Foundation, Inc. The Total Teaching Team

TULSA . . . where the professional personnel, facilities and resources of major hospitals and related institutions are combined into a complete post-graduate learning experience, drawing from —

- 1,700 beds
- 63,000 admissions annually
- 50,000 outpatient visits annually
- 72,000 emergency room visits annually

RESIDENCY PROGRAMS — combined in the three major hospitals (St. John's Hospital, Saint Francis Hospital and Hillcrest Medical Center) — are all directly affiliated with the University of Oklahoma Health Sciences Center and are Tulsa-wide in scope. The three major general hospitals offer combined appointments for graduates as straight intern/first-year residents. These are filled through the national matching plan.

Traditional first-year residency programs are available to physicians who have completed an internship.

Joint residencies available in:

Internal Medicine	Pediatrics
Surgery	Obstetrics & Gynecology

Pathology residencies available at:

Saint Francis Hospital
Hillcrest Medical Center
St. John's Hospital

Subspecialty rotations (Usually one month)

Medicine
Gastroenterology
Cardiology
Nephrology
Hematology
Pulmonary Diseases

Surgery
Urology
Orthopedics
Cardiovascular
Anesthesiology

Pediatrics
Pediatric Cardiology
Pediatric Neurology
Pediatric Psychiatry
Neonatology

Children's Medical Center offers its facilities as an added learning experience to those pursuing residencies in pediatrics — with outpatient visits (including psychiatric) totalling 24,500 and over 300 inpatient admissions annually.

INTERNSHIP PROGRAMS continue to be individually based in two of Tulsa's three major hospitals — Hillcrest Medical Center and St. John's Hospital — with rotating electives 0, 1, 2, 3, 4 and 5.

Hospital-based specialists and subspecialists play a major role in teaching. Clinical laboratories in many subspecialties are unexcelled. Ample opportunities for clinical research, complete with effective supervision, are available.

The Tulsa Medical Education Foundation, Inc., has been established as a central administrative office to coordinate internship, residency and medical students' programs in Tulsa. Write for your brochure describing each program in detail and other educational advantages offered by Tulsa.

TCB

PHYSICIANS & DENTISTS LOAN PROGRAM

available exclusively from
Twin City Bank

THE SOLUTION TO A LOT OF PROBLEMS WHEN YOU'RE JUST GETTING STARTED

TCB PHYSICIANS & DENTISTS LOAN PROGRAM

What is it? This TCB Loan Program is a method of borrowing the capital a physician or dentist needs to establish his practice. Any physician or dentist practicing in Pulaski County may take advantage of this unique financial service.

What are the terms? You may borrow up to \$5,000 on your signature with up to three years for repayment.

Loans for more than \$5,000 may require the pledge of collateral. If collateral is required, your assets remain intact and in your name, while the monthly payments liquidate the loan. Loans supported by collateral may also be protected by Creditor's Life Insurance.

IMPORTANT FEATURE:

You may elect to delay the first payment until 6 months after the date of the note. This can be an important consideration in your early months of practice when income may be small.

For more information

Think Inc.

To incorporate or not to incorporate?

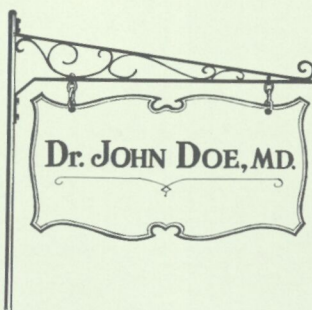

Maybe that's not the real question.

After all, you've probably heard it's a nice opportunity. That is, you can take advantage of the liberal tax treatment available to corporations through qualified pension or profit sharing plans.

So perhaps the more significant question is where to go for assistance.

Perhaps you should go right to the top.

To New England Life, the company that has sold more individual policy pen-

sion trust plans than any other insurer.

Furthermore, the plans they can offer you and your professional advisers are pre-approved by the IRS and afford the kind of flexibility necessary to develop a

program to meet your needs exactly.

For instance, you have freedom in determining plan contributions or benefit levels.

You can wait until retirement to select your form of payment. And working with one of our representatives, you can choose from a wide variety of investment vehicles to fund your plan, including mutual funds and variable annuities.

We'd like to send you a free booklet on the professional corporation, entitled "Tax Breakthrough for Professionals."

Think New England Life.

OUTSTANDING MEDICAL LIBRARY

GEORGIA REGIONAL MEDICAL PROGRAM
AGENCY FOR
CONTINUING MEDICAL EDUCATION

EXPANDED EMERGENCY SERVICES AREA

PROGRAM

A strong teaching program is offered by The Medical Center with paramount clinical responsibility under the direction of a Director of Medical Education and full-time chiefs of the four major services. Since the Medical Center is the only comprehensive medical complex in the area, it constantly receives referrals of cases which command more than ordinary attention.

House staff members are encouraged to participate in medical seminars and meetings on the state and national levels and are included in all functions of the Muscogee County Medical Society, both professional and social.

STIPENDS

Monthly stipends for house officers are: Interns, \$800; 1st Year Residents, \$850; 2nd Year Residents, \$900. House staff members schedule two weeks annual vacation.

The egotistical surgeon is like a monkey; the higher he
